Prices: F.O.B Miami, FL

PRE-CUT SHIMS SAVE TIME AND MONEY!

- **PRE-CUT SHIMS** eliminate material waste, time-consuming hand-cutting, de-burring and for heavy gauge shims the need for torch cutting and machining.
- The stainless steel 304 full hard material protects against rust and deformation.
- All shims are marked with their thickness to facilitate identification and re-use.
- Safety tab prevents accidents and speeds installation. Safe removal with supplied shim extractor.
- 13 available shim thicknesses allowing all possible shim change combinations with a maximum of 3 shims.
- With the full assortment of PRE-CUT SHIMS at your work site, time-wasting trips to and from the storeroom are no longer necessary.
